Minister Jason Copping meets Audrey

MLA for Red Deer-South, Jason Stephan

Chatting with resident's families

Minister of Health Visits Harmony

On January 19th, 2023, Minister Jason Copping, Minister of Health, Minister Adriana LaGrange, Minister of Education and MLA for Red Deer-North, and Jason Stephan MLA for Red Deer-South visited the Harmony Care Cottage in Red Deer.

Each member of parliament spent a significant amount of time visiting with residents and family members. They inquired about the care the Seniors received at the Cottages and interacted with their families.

Karen Cazemier has tirelessly worked to promote the Care Cottage style of care that is based upon the Green House model of senior care. She is advocating that funding be allotted to the seniors so their families can decide where they receive the care they need. Rather than being told by Alberta Health Services that there is a bed opening and that is where they have to go.

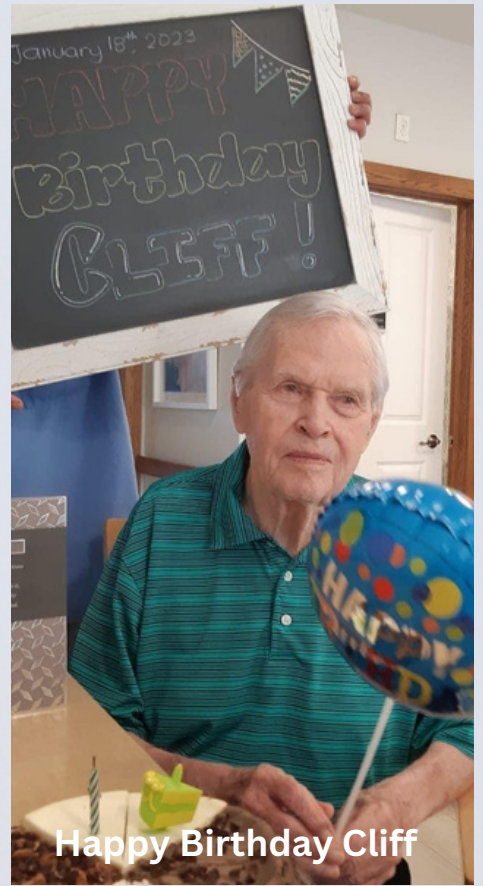

Karen invited the Ministers and MLAs to come and tour Harmony Cottage so they could experience firsthand what this model of senior care is all about. Some excellent discussion and dialogue occurred after the meet and greet.
